

Food Safety Forum – oils+fats 2017

Andreas Menzel,
R&D Director, Cargill Global Edible Oil Solutions Europe

Dr. Andreas Menzel is the R&D Director of Cargill Global Edible Oil Solutions Europe, based in the Netherlands.

He started his career with a PhD in Chemistry at Stuttgart University in Germany.

In 2002 he began to work as a R&D Program Manager for IOI Loders Croklaan, Lipid Nutrition Division in the Netherlands.

After he worked a couple of years for Kemin Food Ingredients as Global R&D Director, he came back to the Netherlands and took the position of the R&D Director Emulsifiers for Kerry Ingredients. In 2014 he started to work for Cargill as the EMEA Leader before he turned to be the R&D Director.
